to maximise engagement with learning and progress?

I can support you to:

- Develop whole school Circles practice which is Trauma-Informed and based in neuroscience and child-development and an understanding of SENd
- Deliver training (staff meetings/INSET) to support staff to develop an understanding of the benefits of Circles, how to structure an effective Circle and model best practice
- Plan, develop and create a series of Circles bespoke to the needs of a specific class(es)
- Plan and model Circles to fit in with your curriculum and which are adapted to the relevant needs of specific cohorts
